

# HX<sup>®</sup> SERIES MODEL 520

Heavy Haul Tractor  
Construction Dump  
Logging  
Recovery

Built to endure, thrive and dominate any ask, the International<sup>®</sup> HX<sup>®</sup> Series truck is brimming with capability. The HX520 features a set-forward front axle configured as a truck or tractor, and is available with multiple factory-installed PTO options. Its premium interior offers best-in-class space and materials designed to provide comfort and support mile after extreme mile. The TEM-friendly platform features built-in International<sup>®</sup> Diamond Logic<sup>®</sup> multiplex technology with lift axle options installed directly at the factory. Add in easy serviceability and it's easy to see why the HX Series is the king of jobsites everywhere.

 **INTERNATIONAL**

# HX SERIES MODEL (520)

- Cummins® X15 up to 605 HP / 2,050 lb.-ft. of torque
- Standard all-metal grille with bright surround and bright grille bars
- Available functional dual external air cleaners that deliver heavy-duty filtration, easy maintenance and long service life
